Competition

Mason Mitchell races a 2500# NASCAR Whelen Pro Modified Modified racecar, powered by a 350ci engine putting out about 450HP. We compete on a 3/8 mile, high banked, asphalt oval short track at Houston Motorsports Park (HMP). This state of the art complex is located just north of downtown Houston off of 59N and BW8. HMP is a NASCAR sanctioned, family oriented track with huge grand stands, concreted pit area, great concessions, and excellent hospitality areas including private rooms and/or tents for entertaining or hosting business events.

Our race season kicks off with the Fiesta Mart Speed Fest on March 15th 2009 and runs through the end of November 2009. We will be competing a full season, 16 race events on Saturday evenings focused on winning the 2009 Points Championship in the Pro Modified division as well as the 2009 Rookie of the Year title. Mason has moved up from the Limited Modified class recently, and has finished 3rd in his first race at this new level of NASCAR competition.
